Brainstorm & idea prioritization

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

- 10 minutes to prepare
- 1 hour to collaborate
- 2-8 people recommended

Before you collaborate

A little bit of preparation goes a long way with this session. Here's what you need to do to get going.

⏱ 10 minutes

Team gathering
Define who should participate in the session and send an invite. Share relevant information or pre-work ahead.

Set the goal
Think about the problem you'll be focusing on solving in the brainstorming session.

Learn how to use the facilitation tools
Use the Facilitation Superpowers to run a happy and productive session.

---

1 Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.
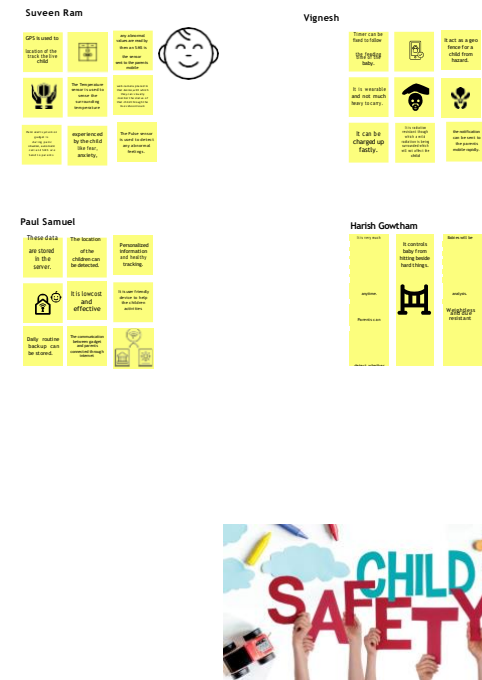

⏱ 5 minutes

It helps Parents to monitor the children activities

PROBLEM
How might we [your problem statement]?

parents send an sms using some keywords temperature ,location,sos,buzz

we provide an environment where this problem can be resolved in an efficient manner

Key rules of brainstorming
To run a smooth and productive session

- Stay in topic.
- Encourage wild ideas.
- Defer judgment.
- Listen to others.
- Go for volume.
- If possible, be visual.

child's location outdoors by using Gps

During the emergency, mobile apps alert the control room of nearby police station or parents

Pulse rate of the Child is less than the threshold, then device gives an notification message to the parents mobile phone

---

2 Brainstorm

Write down any ideas that come to mind that address your problem statement.

⏱ 10 minutes

TIP
You can select a sticky note and hit the pencil [switch to sketch] icon to start drawing!

Suveen Ram

Vignesh

Paul Samuel

Harish Gowtham

---

3 Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. In the last 10 minutes, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

⏱ 20 minutes

TIP
Add customizable tags to sticky notes to make it easier to find, browse, organize, and categorize important ideas as themes within your mural.

The accelerometer and vibration sensor used to detect motion of the baby.

Gives peace of mind to parents

Helps the digestive system functions

The camera is used here to capture the environment around the child.

Once parents connected to the web server node MCU sends the exact location to the connected parent.

GPS module used to see the exact location of the gadget.

Cuts down the risk of diabetes

Reduces cancer risk

The main aim of this device is child safety.

---

4 Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

⏱ 20 minutes

GPS module used to see the exact location of the gadget.

continuously monitoring thelocation and body vitals of children

The accelerometer and vibration sensor used to detect motion of the baby.

Once parents connected to the web server node MCU sends the exact location to the connected parent.

Importance
If each of these tasks could get done without any difficulty or cost, which would have the most positive impact?

TIP
Participants can use their cursors to point at where sticky notes should go on the grid. The facilitator can confirm the spot by using the laser pointer holding the H key on the keyboard.

Feasibility
Regardless of their importance, which tasks are more feasible than others? (Cost, time, effort, complexity, etc.)

After you collaborate

You can export the mural as an image or pdf to share with members of your company who might find it helpful.

Quick add-ons

Share the mural
Share a view link to the mural with stakeholders to keep them in the loop about the outcomes of the session.

Export the mural
Export a copy of the mural as a PNG or PDF to attach to emails, include in slides, or save in your drive.

Keep moving forward

Strategy blueprint
Define the components of a new idea or strategy.
